QUESTION 5:

Mandatory minimum sentences are when a judge is required to impose a minimum level of punishment (e.g. five years in prison) for a particular crime.

Do you think more mandatory minimum sentences should be created or do you think more mandatory minimum laws should be repealed?

QUESTION 6:

Civil asset forfeiture is when the police can seize and keep the property of a suspect of a crime even if that person is not convicted.

Were you aware this took place in the US?

QUESTION 8:

Mens Rea is a long-standing legal principle (meaning "guilty state of mind") that distinguishes between an accident and a crime. This standard requires the government to prove that the suspect knew they were committing a crime, or reasonably should have known they were committing a crime, to be convicted.

Do you think laws should require a guilty state of mind before someone can be convicted of a crime?
